

Code poster presentation	Topic	Presenter
Abstract/poster		
P-01	Non Natural Products against Acanthamoeba, Leishmania and Plasmodium – A Global Review	Ms. Nadiah Syafiqah binti Nor Azman University of Malaya, Malaysia
P-02	Evaluation of dietary habits and assessment of cardiovascular disease risk factors among Walailak university students	Asst. Prof. Dr. Nutjaree Jeenduang
P-03	Comparative of the Water Extracted and Ethanol Extracted Benjalokawichien (Ya-Ha-Rak): Traditional Herb Formula on Anti-inflammation Activity	Dr. Wiyada Kwanhian
P-04	The Expression of Latrophilin 3 (LPHN3) Protein in Breast Cancer Tissue by Immunohistochemistry Method	Dr. Kwuntida Uthaisar
P-05	Modifications of Adrenocortical Ultrastructures in Short-Termed Streptozotocin-Diabetic Rats	Dr. Sani Baimai
P-06	Structural Changes of Meissner Corpuscle in Short-termed Diabetic Rats	Ms. Kamonporn Sengking
P-07	Structural Changes in Hair Follicle under Diabetic Condition	Ms. Jittiporn Wongpun
P-08	Anticancer effects of <i>Rhodomyrtus tomentosa</i> ethanol extract on human skin squamous cell carcinoma cells	Ms. Malatee Tayeh
P-09	A Modified Selective and Differential Medium for <i>Enterobacteriaceae</i> and Non Glucose Fermenter Bacteria	Asst.Prof. Dr.Sueptrakool Wisessombat
P-010	Prevalence of $\alpha$ -Thalassemia in Myanmar Migrant Workers	Dr. Suriyan Sukati
P-011	Nitric oxide inhibitory effects of terpenoids from Thai herbs in lipopolysaccharide-activated RAW264.7 cells	Ms. Chutima Jansakun
P-012	Innate cytokines responses in peripheral blood mononuclear cells with difference subtypes of Enterovirus group A	Mr. Artit Wongsa
P-013	Reactive oxygen species and mitogen-activated protein kinase pathway play a role in cisplatin induced-cell death in multidrug-resistant human oral squamous cell carcinoma cells	Asst.Prof.Dr. Warangkana Chunglok
P-014	Effects of <i>Camellia sinesis</i> , and <i>Garcinia atroviridis</i> on hyperlipidemia and body weight in high fat-fed mice	Mr. Anawat Kongchian
P-015	Co-treatment effect of <i>Syzygium cumini</i> (L.) Skeels on indomethacin induced gastric ulcer on mice model	Dr. Lanchakon Chanudom

P-016	Effect of Aqueous Fraction <i>Tithonia diversifolia</i> Leaves Extract on Antidiabetic and GLUT2 Expression in Alloxan-Induced Diabetic Mice	Dr. Montakarn Thongsom
Proceeding/Poster		
P-017	Bioactive Compounds from Culture Broth of Streptomyces sp. Strain KB3 TISTR 2305 Against Methicillin Resistant Staphylococcus aureus (MRSA)	Assoc.Prof.Dr. Monthon Lertcanawanichakul
P-018	Prevalence of G6PD Deficiency in Southern Thailand	Dr. Orawan Sarakul
P-019	Prevalence of Carbapenem-Resistant <i>Pseudomonas aeruginosa</i> Mediated by Loss of <i>oprD</i> Gene	Dr. Jirarat Songsri
P-020	<i>Anion exchanger 1</i> mutations associated with Southeast Asian Ovalocytosis: prevalence in Southern Thailand and effect on erythrocyte morphology during storage under blood bank condition	Dr. Duangjai Piwkham
P-021	Anti-proliferation Effects of The Two Pentacyclic Triterpenoids from <i>Thevetia peruviana</i> on MCF-7 Breast Cancer Cell Line	Dr. Nurdina Charong
P-022	Antibacterial Activity of Betel ( <i>Piper betle</i> ) Leaf Extracts on Foodborne Pathogenic Bacteria	Dr. Phuangthip Bhoopong
Full paper/Poster		
P-023	Th1/Th2 cytokines induction with green jujube fruit and ripe fruit	Assoc. Prof. Dr. Sahapat Barusrux
P-024	Protective effects of Thunbergia laurifolia (Linn.) on organophosphorous (chloripyrifos) induced cholinesterase dysfunction	Assoc.Prof.Dr.Jitbanjong Tangpong
P-025	Antimalarial and Anti-hypoglycemic Effects of Moringaoleifera Leaf Extract in Plasmodium berghei Infection in Mice	Ms. Somrudee Nakinchat
